EXPERIENCE

PLURALSTACK | UX DESIGNER | Sept 2017 - Dec 2019

Successfully lead design, research and user testing initiatives through the life cycle of projects for a large integrated healthcare system

Consulted and collaborated across many teams to keep focus on users and ensure strategy alignment

Designed complex interactions and ensured visual designs reflected the existing brand

MICROSOFT | UX DESIGNER | Nov 2015 - Sept 2017

Designed successful integration of Application Insights charting and metrics for Azure portal dashboards

Designed Application Insight's first Application Topology Map, a visual overview for diagnostics and monitoring

Worked with user researchers, developers and Project Managers to implement features while advocating for the user

STRATEGIC EDGE PARTNERS | WEB DEVELOPER | July 2014 - June 2015

Developed websites focusing on optimization and UX best practices

Created responsive solutions using HTML/CSS, PHP, jQuery, WordPress

Resolved interaction, responsive, and usability issues

SUBLIME MEDIA | WEB DESIGN INTERN | Jan 2014 - May 2014

Effectively communicated cross-team during phases of project development

Created custom designs for e-learning courses in compliance with brands

Produced work on time and managed work load successfully

SUBLIME MEDIA | WEB DEVELOPER INTERN | Oct 2013 - Jan 2014

Built cross-browser compliant e-learning courses using HTML, CSS, and JS

Successfully met deadlines and managed work

CUT THE CRAP | HAIR STYLIST | Feb 2004 - July 2014

Collaborated on design vision and focused on client needs to produce successful design outcomes
