EXPERIENCE

■ PITCHBOOK | **PRODUCT DESIGNER** | APR 2020 - PRESENT

Lead design and research efforts focused on helping customers succeed in fundraising and asset allocation decision-making

Contributed to strategy and planning by conducting user interviews, producing analysis and recommendations on strategic areas of opportunity

Delivered appropriate, simple designs when introducing new data and functionality

■ PLURALSTACK | **UX DESIGNER** | SEPT 2017 - DEC 2019

Successfully lead design, research, and user testing initiatives through the life cycle of projects for one of the largest US healthcare systems

Consulted and collaborated across many teams internally and externally to ensure alignment on strategy, goals, and communicate user insights

Designed complex interactions and ensured designs aligned to existing systems

■ MICROSOFT | **UX DESIGNER** | NOV 2015 - SEPT 2017

Designed successful integration of Application Insights charting and metrics for Azure Portal dashboards

Designed first topology map for Application Insights, providing customers with a visual overview for diagnostics and monitoring systems and applications

Collaborated with researchers, developers, and PMs to deliver great experiences

■ STRATEGIC EDGE PARTNERS | **WEB DEVELOPER** | JULY 2014 - JUNE 2015

Developed websites focusing on optimization and best UX best practices

Created responsive solutions using HTML/CSS, WordPress (PHP, jQuery)

Built/designed responsive behavior, and resolved interaction and usability issues

■ SUBLIME MEDIA | **DESIGN INTERN** | JAN 2014 - MAY 2014

■ SUBLIME MEDIA | **WEB DEVELOPER INTERN** | OCT 2013 - JAN 2014
